h593wang@uwaterloo.ca

Pre-Workshop Checklist

- Review the [Workshop Syllabus](#) and brush up on prerequisite knowledge
- **PLEASE have Android Studio installed and updated**
- Create a new empty Android Studio Project and...
- Make sure you are set up to [run the project](#) to an emulated or real phone. Basically clicking on run should not cause any errors
- OPTIONAL: Clone [this github repository](#) which has solution code. Optional because everything will be created from scratch
- Go get some water! Stay hydrated
